To:	All AmeriHealth Caritas DC Providers
Date:	February 1, 2022
Subject:	Supply Chain Alert: Long-Acting Insulin Coverage

Dear Provider:

We understand that pharmacies may experience supply issues due to the phase out of Semglee. Therefore, in the event you are unable to obtain either Semglee (insulin glargine) or insulin glargine-yfgn, AmeriHealth Caritas District of Columbia (DC) **will allow Basaglar to pay at point of sale for enrollees through February 24, 2022.** The same quantity limit as insulin glargine-yfgn (30mL per 30 days) applies.

Please note that the current preferred long-acting insulins covered for AmeriHealth Caritas DC enrollees include the following products:

- **Semglee (insulin glargine)**
 - Semglee (insulin glargine) will pay at point of sale with a quantity limit of 30 milliliters per 30 days and is in the process of being phased out by the manufacturer.
- **Insulin glargine-yfgn**
 - Insulin glargine-yfgn will pay at point of sale with a quantity limit of 30 milliliters per 30 days.
 - It is considered interchangeable by the U.S. Food and Drug Administration (FDA), allowing substitution at pharmacies for the reference product, Lantus.
 - Information to order insulin glargine-yfgn is below:

Description	NDC Number	Strength	Pack size	WHOLESALE ORDER NUMBERS			
				Amerisource Bergen	Cardinal	McKesson	Morris & Dickson
